**What is a Proctor?**

You will need someone to supervise/proctor your test. You may choose to go to a testing site approved by your institution or you may choose to use your own proctor. If you use your own, please check with your proctor for testing availability prior to completing your application. In some instances you will only have the web-based proctoring option to take tests from your own home, using a PC with a webcam and microphone.
